October Field Trips

On October 15th, Non School Day, we will be going on a field trip to Sever's Corn Maze in Shakopee. The children will get a chance to explore a corn maze, play in a corn pit, watch a pig race, and more!

On October 30th, K Only Non School Day, the kindergartners will head to the Children's Museum.

Check your parent folders for more information.

October Happenings

The morning group will have mystery science fun with fingerprint and candy composition analysis. We will also explore our creative side with fall foam art print making and colorful furry creature pencils.

The kindergarten group will work on activities that celebrate the change of season. We will put together a book about fall, do projects about pumpkins and scarecrows, make a puzzle, and learn to measure scarecrows with candy corn.

The after school group hopes to enjoy the fall weather. We will go outside as much as possible. We will also explore gym games such as clothespin tag and block & bowl. Computer lab will also be available.

The afternoon Fun with Foam Shapes (K-2nd grade) Kid Pick classes will start on Monday, October 28th.
