

Basswood "Families Helping Families"

What is this program all about??

"Families Helping Families"(FHF) is a program that began due to an increased awareness of our need to help families in times of crisis (illness & death). A committee of staff and parents has been formed to coordinate this effort. An annual Spaghetti dinner will provide the funds from which donations can be given to families.

Please notify Shannon Ross with names from our Basswood community who could benefit from this outreach.

Shannon can be reached: email rosss@district279.org or by calling 763-315-7664.

We invite you to share your thoughts and ideas about this program!

**Thank you for your support of "Families Helping Families" at
Basswood Elementary!**
