Dear Edinbrook Families:

It is hard to believe but over ½ the school year is in the books. Our students are learning and making excellent progress towards our goals. We have several months left to continue our push and will work hard to ensure that all our students are leaning more.

Our mission is to inspire and prepare all students with the confidence, courage and competence to achieve their dreams, contribute to community and engage in a lifetime of learning. Our staff is working hard everyday making our Strategic Plan become a reality for all of our students. I have attached a copy of the Strategic Plan and I am requesting that you read it and talk with your child about it. We need to be united in our efforts to help your child learn more.

One of our core values is that we believe that better decisions emerge when diverse perspectives are intentionally included in a collaborative process. I have attached a survey seeking your input about our school. I am requesting that you take ten minutes to provide us feedback about how we are doing. Your input does matter! Please return the form to the office or email them to groenkej@district279.org.

I am looking forward continued learning and warmer weather!

John Groenke

Our mission is to inspire and prepare all children with the confidence, courage and competence to achieve their dreams; contribute to community; and engage in a lifetime of learning.

ISD 279-Osseo Area School District
for three and four year olds.**

**You will have the opportunity to
ask questions and tour the sites.**

Parents Only Please!

Questions?? 763-391-8777

Nurse Notes

The number of cases of influenza like illness has decreased dramatically over the last few weeks. In order to help keep your children healthy, please remember to make sure they are getting 8-10 hours of sleep each night, eating a balanced diet with foods high in protein and vitamin C, drinking enough fluids, and practicing good handwashing. If your child has a fever greater than 100 degrees, is vomiting, or experiencing diarrhea, please keep them home until the symptoms have subsided for 24 hours without the use of medication. Thanks for your cooperation.

Attention Parents of Sixth Grade Students!

Starting on September 1, 2010, for children enrolling in kindergarten and seventh grade, Minnesota schools can no longer accept a parent/guardian's signature as proof that a child has had the chickenpox. Instead, a doctor will need to sign a form saying that the child does not need to get the varicella shot(s) because:

- **They are already immune because they had chickenpox disease that was either laboratory confirmed, medically diagnosed, or described well enough to the doctor by the parent/guardian to clearly indicate disease, or**
- **They have a medical reason for not getting the shot(s), or**
- **They have had a lab test showing they are already immune to chickenpox.**

As with all immunizations required for school, children whose parents are conscientiously opposed to immunization may also receive an exemption.

The other immunization requirements for students entering 7th grade include the three dose series of Hepatitis B (HBV), a second dose of Measles, Mumps and Rubella (MMR), a second dose of the varicella (chicken pox) vaccine (unless the child has had chicken pox) and a Tetanus Diphtheria (Td) booster. Please send any information on immunizations to the Edinbrook Health Office as long as your child attends Edinbrook Elementary. Records will be transferred directly to the appropriate junior high in June. Please call us at 763.391.8403 if you have any questions.
