www.wayzata.k12.mn.us/ysr

Located at Vicksburg & Gleason Lake Drive. From 494 & 394, go west on 394 to the County Road 15 EAST exit. Go right at the YIELD sign. Continue to the next stop sign at Vicksburg Lane and turn left. Turn left into the parking lot. Watch for Young Scientist Roundtable signs!

Tuesday, April 26, 2011

Dr. Suhas Patankar

President, Innovative Research
Title: Airflow and Cooling in a Data Center

Data centers, where thousands of very powerful computers are housed, have become an essential part of any modern business. Computers generate a great deal of heat and must be properly cooled in order to run. It is challenging to adequately cool the computers and keep the use of energy to a minimum. Dr. Patanka will talk about computer data centers, the design of the cooling systems that they need and many other challenges.

And don't forget - Teen Roundtable

8:10-8:40 pm

Students in grades 6-12 are invited to meet with the speaker after the presentation to discuss the topic in more depth.

Young Scientist Roundtable is funded in part by the General Mills Foundation,
the Vernon James Pick Foundation and FilmTec Corporation.
