

Fernbrook DROP OFF/ PICKUP PROCEDURES

The following procedures will be implemented again this year:

- The **LOADING ZONE** curb is painted **GREEN** and runs from the north of the front sidewalk to the end of the sidewalk. The **LOADING ZONE** is **NOT INTENDED** for **PARKING** or waiting for children. Pause here for no more than 30 to 45 seconds for student pick up or drop off. **STOPPING IS NOT PERMITTED** south of the front sidewalk.
- For student safety, if your child is not in front of the building, please park your vehicle in the east row of the staff/parent parking lot and walk up to the school to meet him/her or have them cross to the parking lot.
- As you enter the area in the front of the building to pick-up or drop-off, please stay in a single file line. As in the past, **PLEASE DO NOT "DOUBLE PARK"** in the front of the building. Again, this is for the safety of your child(ren).
- This procedure will be enforced. Members of the fire and police departments will be checking and **WILL ISSUE TICKETS** for violations.

We know this may cause some inconveniences, but we appreciate your cooperation in helping to keep Fernbrook a safe school for your children.
