

Dear Kindergartners and Families,

This is our last "Peek" for the year! I just wanted to let you know how much I have enjoyed this school year! Your children have been wonderful. They are polite, respectful kids that are eager to learn. We have had so much fun and learned a lot. The growth this school year has been amazing and exciting for me to watch.

Over the summer, continue to review and have fun with alphabet letters and their sounds. Practice counting, number writing and simple addition. Review our kindergarten sight words. Read lots of good books everyday. And most of all: BE SAFE AND HAVE FUN TOGETHER!

My summer will bring lots of time with my girls and husband. Chloe's volleyball team is taking us to Chicago in June and Nationals here in Minneapolis in July. She has just joined a summer softball team after declaring she needed a break, and I am frightened to find out how much travel is involved with that. Ellie is playing travel fast pitch as well, but Becker is as far away as we go for her! My husband has been busy this spring doing a kitchen remodel inside and another big project outside. So I have promised we will relax more this summer!

I love my summers, but I am always excited to be back in the fall. Stop in and say hi on your way to 1st grade!!!

Sincerely,

Sheila Rod

p.s. CHECK OUT THE OSSEO ELEMENTARY WEBPAGE AND SEE WHAT YOUR KIDS HAD TO SAY ABOUT KINDERGARTEN!
