

Palmer Lake Receives Fresh Fruit and Vegetable Program Grant

Palmer Lake was recently awarded the Fresh Fruit and Vegetable Program grant. By December 10, all students at Palmer Lake will receive a fruit or vegetable snack three times a week.

This grant is provided through the Minnesota Department of Education with funding from the United States Department of Agriculture. The purpose of the grant is to address the creation of healthier school environments by providing healthier food choices, expanding the variety of fruits and vegetables children experience, increasing children's fruit and vegetable consumption, and making a difference in improving children's diets now and throughout their lives.

A schoolwide kick-off of the new program will take place in early December. What better way to fuel success than with brain food!
