Spotlight on Mrs. Bubany

How long have you been a teacher?

I have been a teacher for 35 years.

What grade do you like to teach the most?

I think 3rd grade because the kids are eager to learn and they make the most progress.

What subject do you like to teach the most?

I like to teach reading and math because I think they are the most important. I also enjoy art and science.

What do you look forward to after you retire?

Just doing everyday things and to take time to relax. I plan to be more active by golfing, biking, and walking. I also want to read more, paint with water colors, and travel around the U.S. and to Europe because there are a lot of pretty places I want to visit.

Do you plan on moving when you retire?

No, we plan to stay where we are because we want to stay close to our children and our grandchildren. I would also want to come back to Rush Creek and sub because this school is such a beautiful place.

What grades did you teach?

I taught grades 1-4, but I have taught 3rd grade the most.

How do you feel about retiring?

Well, I will miss all the staff and students at Rush Creek because it is a wonderful school to be at.

Movie Review

Dr. Doolittle Tail To The Chief

This movie is a great animal movie. It is about an 18 year old girl trying to get into a veterinarian college, but she fails. Amazingly, the President of the United States comes to her house to speak to her dad, because he is a well known dog trainer. However, he is not home. The girls discovers she also has the ability to train dogs.

I can't tell you more so I think you should watch this funny movie!
