Internet Acceptable Use Policy
Woodland Elementary School

The Internet is a powerful educational tool, providing world-wide access to museums, libraries, news, events, and other useful resources. Internet access provides an exceptional opportunity for student inquiry, comprehensive information gathering, and world-wide communication.

In compliance with District 279's Board Policy 524, Woodland Elementary School has adopted the following student behavior expectations for acceptable use of the Internet:

Behavior Expectations:

- All students will review this document with their parents/guardians
- All students will receive instruction in the proper use of the Internet
- All students are responsible for their actions on the Internet and are subject to the consequences of school policy
- All students will be expected to use the Internet as an educational resource and will use only sites as directed by their teachers
- All student Internet users will be supervised by an adult at all times
- All student Internet users will not give out personal information such as name, address or phone number on any site
- If student Internet users accidentally access material that is inappropriate or makes them feel uncomfortable, they will close the browser immediately and tell their instructor

Consequences:

Technology Violation - 1st - loss of Internet privileges for two weeks

2nd - loss of Internet privileges for trimester

3rd - loss of Internet privileges for remainder of year

All of the above are minimum consequences. If pornography is involved, the consequences automatically include a suspension and possible loss of privileges for the remainder of the year, no matter the number of the offense. Also, if insubordination to move from the site is involved, the result is an automatic suspension from school.
