SCIENCE

Liquids & Solids

Our science units are centered on helping children to develop their observations skills. In this unit we study the properties of solid and liquid objects. Students are encouraged to use describing words such as hard, flexible, rough, or colored.

CONFERENCE REVIEW

Conference meetings go by quickly. If you have questions or concerns that were not addressed please call or write. Students benefit from good communication between home and school.

HELPFUL WEB SITE

Free math fact sheets for practice.
