

Ms. Ness' Class

November 2009

Language Arts -

We start a new theme this week. This theme will explore situations that highlight the benefits of teamwork. Students will learn that cooperation will strengthen relationships and they are encouraged to apply this concept to their own lives. Students are working hard to complete their independent spelling assignments as well as working on earning their AR points. Thank you for all your help with these language arts activities.

Math -

Students are finishing up a unit on geometry. Our next math unit will focus on place value and multi-digit addition and subtraction. Students will work on addition and subtraction word problems, place value to the millions and addition and subtraction to the millions. Thanks for helping your child with their math homework.

Social Studies -

Our social studies curriculum focuses on the United States. Our first unit is now finished. Unit 2 will focus on the Eastern region of the United States. Students will discuss the geography and history of the East.

Science -

Our next science unit will be chemistry. Students will learn about physical changes as well as chemical changes. Students will be working with five different mystery powders as we learn about chemical changes.

Dates To Remember -
