

Conceptual Physics Expectations

Students are expected to complete one chapter and the accompanying questions, exercises and problems.

Students must complete 80% of the points correct to receive credit. If the chapter doesn't have either handouts or problems at the end of the book, you must complete all the problems at the end of the chapter.

Expectations:

_____ **Complete all the questions in the chapter reading. Answers are given at the bottom of the page. Read these questions to understand the reading.**

_____ **Concept Development Practice Handout**

_____ **Problem Solving Exercise Handout**

Complete the following in the chapter assessment.

_____ **Review Questions; choose any 15 or do all if there are less than 15. You must answer at least one question from each section.**

_____ **Plug and Chug Questions, choose any 5 or do all if there are less than 5**

_____ **Think and Explain Questions, choose any 5 or do all if there are less than 5.**

_____ **Think and Solve Questions, choose any 5 or do all if there are less than 5.**

_____ **Practice problems, in appendix F, at the end of the book starting on page 659 if any. Do all.**

_____ **End of Chapter Test:**

Student must score 80% correct of the points including the daily assignments and the test to receive credit.
