Discovery Preschool For 3s, 4s, & 5s

Discovery Preschool helps children develop positive self images so they will have the confidence, independence, cognitive, and social skills to be successful in kindergarten. Classrooms and activities are designed to provide a variety of fun and meaningful hands-on learning experiences. Staff pays close attention to children's individual developing needs.

Parent Involvement

Studies have shown that parents' involvement in their children's education dramatically increases academic success. In our Discovery Preschool program, parents come to class once a week (Parent Day is highlighted in **bold**) to participate with their child in fun learning activities followed by a parent group discussion about child development, parenting, school readiness, and other topics related to the *unique* preschool years. Parents are supported as their children's first and most important teachers.

6
things that make it
UNIQUE!

1. **Meaningful parent involvement!**
2. **All early childhood teachers and parent educators hold 4 year degrees are licensed by the state of Minnesota!**
3. **Small class sizes - low student to staff ratio!**
4. **Curriculum meets district and state standards!**
Kindergarten teachers report 96% of past Discovery children had the skills they needed to be successful.
5. **Access to an array of quality resources!**
As a part of the school district, we have access to an array of quality resources to support the early childhood and emotional/social needs of young children.
6. **Sliding fees!**
See the sliding fee schedule inside! Based on family income. No one is denied participation due to inability to pay.
